SMALL BATCH ICE CREAM

"The Sweetest Place In Flemington!"

About Us

Pops was established in 2024, created by two chefs from the restaurant and hospitality sectors. Our goal was to ensure we excel in every aspect, offering not only exceptional friendly service but also an outstanding product.

Mr. Pops pays homage to the classic candy shops of the 1950s, offering nostalgic treats such as Mary Janes, Pop Rocks, Razzles, and even candy cigarettes! We pride ourselves on handcrafting all of our chocolates with the finest Belgian chocolate. Our baked goods are also made in-house daily, and we even make all of our coffee flavorings! For those with peanut allergies, rest assured our facility is completely peanut-free, as we do not produce any peanut products on-site.

BELGIAN CHOCOLATE

We hand-make over 50 different kinds of Belgian chocolates. No automatic conveyer systems, no short cuts. We believe chocolate tastes better when it's done one wrist motion at a time! Call it *"the Pops way"*.

COFFEE

Featuring Perfect Day Coffee, we use their imported beans that are roasted a few miles away. Bringing you the freshest and highest quality coffee and espresso.

BAKED GOODS

Made in the same kitchen the chocolate is prepared, we bake about a dozen different pastries such as scones, cookies, personal cakes, and dine-in dessert specials. Our pastries have become a morning staple!

NOSTALGICS & CANDY

From Satellite Wafers to Pop Rocks, we have it all. We articulately source our candy from the other side of PA, bringing you all the nostalgia and sugar-high you could ever want. Don't see something? Ask, and we will find it!

ICE CREAM

If we all scream for ice cream, then you're going to have a sore throat! We are proud to serve Sandy Scoops, a small batch ice cream maker located in Frenchtown, NJ.

What makes them unique? They use Spring Run Dairy milk, and they locally source as much as they can!

We have over
TWO
THOUSAND
chocolate
molds!
